History Day 8th March 2024

Dear Parents/Carers,

Our Spring Term History Day will be on Friday 8th March. We are changing how we celebrate our History Day slightly this term, so rather than dressing up we are all going to be researchers for the day.

Each class will have a different year to research and find facts about it, such as what people were eating, watching, wearing and driving as well as many more interesting facts. We will read stories from the year, as well as listening to music and hearing about important events.

We hope that you will find it interesting listening to your child tell you all about the year they have researched. See if you can guess the year from their clues 😊

If you have any questions, please speak to your child's class teacher or myself.

Thank you,

Mrs Curley
History Leader
