

meet the TEACHER

About Me

I knew I wanted to become a primary school teacher when I was at school. I love helping students grow, learn, and discover their strengths. There's something incredibly rewarding about watching a student understand something new or gain confidence in themselves!

This will be my second year at Crackley Bank Primary School. I have got lots of experience working in different schools. When I finished university, I did lots of supply teaching where I would go and teach in a variety of different schools, with children of all ages.

I know we are going to have plenty of fun together in year 5, exploring lots of exciting things, whilst learning together along the way!

I can't wait to meet you all!
