

Design and Technology – Year 6	
Autumn 2	
Textiles Combining different fabric shapes	• A pattern is made up of several templates. • The pieces cut from the pattern are joined together and make a more complicated design
Spring 2	
Food Celebrating culture and seasonality	• A meal can be made by cooking vegetables or meat. • Meals can also be made by combining ingredients and cooking or baking them together. • A meal consists of different types of food: protein, fruit, vegetables and grains. • Seasonal food is fresh food that is ready to eat during its preferred season.
Summer 2	
Electrical Systems More complex switches and circuits	• A motor creates movement and can be used to pull or rotate other parts. • A bulb can be attached to a switch so it can turn on and off. • A control box can be programmed to react to commands.
